

Hairdressing Apprenticeship

Apprenticeship

As a hairdresser your job is to make people look amazing! From cutting and colouring to styling and consulting with your clients, as an apprentice you will be learning how to do all of these things while at the same time building up a rapport with clients and showing off your lively personality.

The great thing about being an apprentice is that you will also be earning money at the same time! To ensure you gain all the skills needed for a career as a hairdresser, you will need to start your apprenticeship at Level 2. Not ready for Level 2 study? To keep ahead of the changing trends and fashions in hairdressing, you will need the drive and motivation to keep improving and updating your personal and technical skills.

This is a fast-paced and creative environment to work in, which requires excellent customer service, communication, organisation and timekeeping skills. Our courses have been developed with industry professionals to ensure the knowledge you gain is not only relevant and current, but will set you apart in the workplace.
