

Stone Therapy Massage

Adult

This is a part time course in Stone Therapy Massage. It is a qualification that has been specifically designed to develop your practical skills in how to provide the relaxing and stress relieving treatment of massage including the skills of using hot and cold stones to massage.

To carry out this unit the learner will also cover health, safety and hygiene procedures.

The purpose of this qualification is to develop your skills in providing massage treatments to a high level of occupational ability, to enable you to provide your own services for clients

ENTRY REQUIREMENTS

There are no formal pre-requisites for this course. However, a good standard of English and the ability and motivation to self-study to a high standard. As with all therapy professions, you will need to create the right impression with your clients and must therefore be professional, courteous and discreet. Excellent communication skills are essential.

This is an intensive, knowledge-based course and we do look for enthusiasm and motivation to succeed on the course.
