

Construction Site Supervisor Apprenticeship Standard Level 4

Apprenticeship

The primary role of a construction site supervisor is to supervise specialist contractors and workers on construction projects. They are primarily based on construction sites with occasional time in offices.

Typical job titles can include: Assistant Site Manager, Assistant Supervisor, Construction Site Supervisor, Site Manager or Site Supervisor.

Their duties will include; supervision of contractors, control of health and safety standards, recording, control and reporting of progress on a construction project, minimising environmental impact of construction projects, control of quality of works and assisting commercial staff with the monitoring of costs.
