

Esports & Digital Media: UAL Level 3 Extended Diploma in Creative Media Production and Technology

16-19

The Esports industry is a fast-growing global industry with revenue projected to reach £1.5 billion in 2022 with more than 450 million viewers tuning in during 2021. This is one of the most exciting and rapidly growing industries in the world!

The UAL Level 3 Extended Diploma in Esports is a two year, coursework and synoptic assessed course that is highly practical and ensures learners have the skills needed to move onto university or directly into industry. A breadth of Esports skills and careers are explored throughout the two year programme to allow you to choose a range of pathways for your progression. These include but are not limited to sport, marketing, enterprise, IT and the creative industry. You will also have the opportunity to host various Esports events as well as testing your gaming skills against other competitive players.

Esports is a dynamic, multi-faceted course where you will use professional standard software such as, Premiere Pro, Photoshop, Animate, After effects and more. Using this software you will explore the world of esports and beyond, covering topics like Content Creation, Marketing and Graphic Design, Motion Graphics, Sports Science and Management, Events management, Business and Enterprise and more.

Whether you want to join the next generation of Esports players, be in the live streaming and broadcasting industry or even look into Business and Enterprise management, then this is the course for you.

The course is split into two one year courses which make up the full qualification. The Esports UAL Foundation Diploma is the 1st year of study and once this is completed learners return for the 2nd year Esports National Extended Diploma.
