

# Level 2 T Level Foundation Programme in Education and Early Years

16-19

Do you enjoy being around children, have an interest in child development and are patient, caring, enthusiastic and enjoy being creative? But most of all do you have a sense of fun?

This one year course will allow you to get hands on in a childcare setting and Primary School, interacting with children and being part of a team whose main aim is to provide a caring and enabling environment. You will take part in a weekly work placement and attend college in order to complete the course.

You will take part in practical and theory lessons, in well-equipped classrooms that replicate the childcare and Primary School settings. Our classrooms are well furnished with educational furniture and resources that allow you to explore the world of all ages of children, from learning about nappy changing, to preparing bottles, making nutritious food, to setting up an exciting and educational play environment, and getting creative with arts and crafts and sensory play.

You will be taught by sector experienced tutors who are there to fully support you in your chosen career.

Throughout this Transition to T Level programme we will support you to develop the personal and academic skills required to progress onto the T Level in Education and Early Years or an appropriate apprenticeship through the college.

The course runs for one year. The course is 3 days a week in college and 2 days a week in work placement in a suitable setting.
